Senior Java Developer with 4+ years of experience and a passion for learning and collaboration, delivering scalable solutions through expertise in diverse technologies and a commitment to innovation and excellence. Adept at leading teams and acting as a core developer, consistently driving projects forward and fostering a culture of continuous improvement.

PROFESSIONAL EXPERIENCE

Aiden AI, Bangalore, IND

Aug 2023 – Present

Senior Product Engineer

- Led the Aiden TX project, overseeing development and cross-team collaboration to ensure successful and timely delivery.
- Deployed a custom testing tool used across two projects to streamline the creation of test suites and test cases, significantly improving QA efficiency and reducing test setup time.
- Developed a regression testing tool that automates test data generation using lightweight ML models to identify effective data matches, supporting parallel execution and generating insightful test reports.
- Data encryption for Trained Data, Vault Integration, Sonar fixes, OSS compliance, and audit remediation for the majority of micro services
- Built a reusable utility module for JSON/XML parsing, code conversion, CSV/file handling, and other common functions, adopted across all micro services within the AIDAP platform to standardize data processing and improve developer efficiency.

Infosys, Bangalore, IND

Apr 2021 – Aug 2023

System Engineer

- Led the development of a platform facilitating the seamless migration of automation workflows between multiple RPA products.
- Designed and developed reusable bots to automate various business processes across multiple domains, enhancing efficiency and scalability, utilizing Java, Python.
- Gained proficiency in multiple technologies, including Java, SQL, and Angular, through extensive training. Developed applications as part of project work.

S22 Creative Studio, Chennai, IND

Dec 2019 – May 2020

System Engineer

- As an intern, worked as a developer using PHP, HTML, and SQL to build websites, gaining practical experience and a solid foundation in web development.

EDUCATION

PSG College of Technology, Coimbatore, Tamil Nadu
Bachelor of Engineering, Minor in Electronics and Communication Engineering

2020

ACHIEVEMENTS & AWARDS

- Recognized as a top performer in Infosys Training, earned additional incentives for exceptional performance over one year
- Infosys INSTA Award (2 times) – Recognized twice for exceptional performance and delivery.
- AINA & Impact Budding Star – Acknowledged for innovative thinking and contribution to impactful projects.
- Aiden AI Product Release (Digital Acceleration Platform R1.0) – Key team member in the successful launch of Aiden AI (October 2024).
